SUBJECT: Amendment to CSF for 100% Repack
Product Name: **Glyphosate Technical**
Company Name: **Repar-Glypho, LLC**
EPA Reg. No.: **86004-1**

Dear Mr. Davis:

Background: On June 24, 2103, on behalf of Repar-Glypho, LLC, we submitted an amendment to CSF for Glyphosate Technical (EPA Reg. No.: 86004-1) in the form of a Notification under PRN 98-10. Since it is an alternate formulation which is a 100% repack of the currently registered product [REDACTED]

[REDACTED], it is our understanding that this 100% repack will qualify for alternate formulation. Furthermore, the Agency has already reviewed and approved the product chemistry data for this source [REDACTED]

[REDACTED] Under PRN 98-10, we submitted this action as Notification.

EPA Findings: The Agency denied our request on the grounds that this action does not clearly fall with the scope of PRN 98-10 and it will require "additional administrative review" of the related files.

Following is the summary of the Agency's findings on this subject action: "Changes in the source of source of active ingredient via submission of a revised 100% repack are no longer being accepted by notification. All current and future requests must now be submitted as amendments." It gives us the impression that this is a policy change.

Accordingly, we have revised the subject action as an amendment to CSF.

Mr. Kable Bo Davis (PM 25)
July 15, 2013

- 3) Two copies of proposed Confidential Statement of Formula (CSF) (EPA Form 8570-4)
- 4) Copy of original Confidential Statement of Formula (EPA Form 8570-4)

According to EPA, this action requires additional administrative review. Therefore, we request you to approve it as a minor formulation amendment.

Dear Mr. Mandava:

Subject: Glyphosate Technical
Adding an Alternate Formulation, Alternate #3 CSF
EPA Reg. No. 86004-1
Submission Dated: July 15, 2013

The amendment referred to above, submitted in connection with registration under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA), as amended is unacceptable.

Alternate #3 CSF (dated 07-15-13) is unacceptable for the following reason:

The product label of record for Reg. # 86004-1 allows residential uses. However, the product label of the proposed alternate AI source for alternate #3 CSF (dated 07-15-13) prohibits residential uses. All use sites listed on the existing product label of Reg. No. 86004-1 must also be listed and supported on the product label of any proposed AI technical. Otherwise, the use site must be removed from the existing product label.

The Agency is unable to approve your submission at this time. Please amend accordingly, and resubmit to the Agency for review.

You may contact Juanita Gilchrist at (703) 305-6965 or gilchrist.juanita@epa.gov if you have any questions.

Sincerely,
